**Articulation Notes:**

^ Completion of the one-credit ACDV101 course, Transitioning to College, went into effect Spring 2010. If you are a credit student who is new to college, you are required to take ACDV101 during your first semester at CCBC, thereby increasing the number of credits required for the degree by 1 credit.

\* Course can be used to satisfy major requirements when completed with a "C" or better

\*\* Physical Activity Courses are counted toward Institutional Requirement and as such, credits are not counted toward graduation

**Physical Education:** UMBC students must take two physical activity courses in addition to their 120 academic credits required for graduation.

Therefore, students may transfer 2 physical activity courses in addition to their 60 transferrable credits toward the degree. Waivers are available for students 30 years of age or older, documented military history, or medical condition.

**Foreign Language Requirement:** The language requirement consists of completion of a foreign language through the 201 level or demonstrated proficiency at that level. Proficiency, the number of courses needed to complete the requirement, and course placement, are determined by previous experience as follows: 1) completion of level 4 or higher of a language in high school, 2) corresponding AP, ID or CLEP credit, or 3) completion of a language through the 201 level at a regionally accredited college or university.
